CLUB ROTARIO HUASTECO TUXPAN

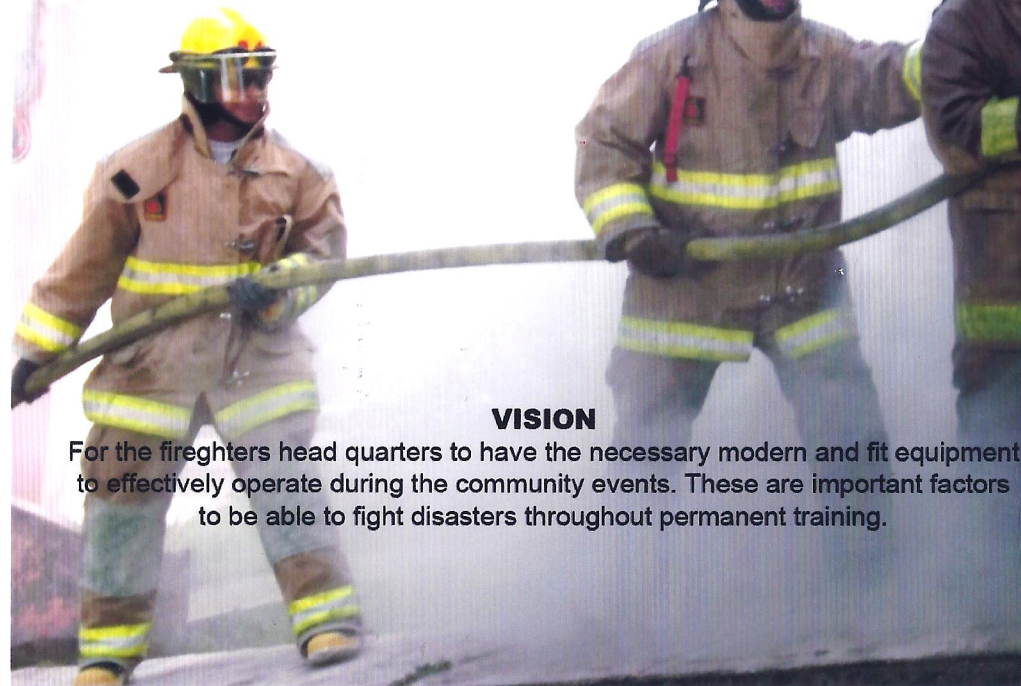

DISTRITO 4185
TUXPAN, VERACRUZ, MEXICO

EQUIPAMIENTO Y CAPACITACIÓN

MISSION:

Protecting people and property of the city, responding to the needs of citizens through an efficient, professional and humanitarian service in compliance with the community through prevention, firefighting, rescue and citizenship education for self-protection. Attending natural or social disasters whether they are public or private using all the allocated resources, always providing the best service to the community.

VISION

For the firefighters head quarters to have the necessary modern and fit equipment to effectively operate during the community events. These are important factors to be able to fight disasters throughout permanent training.

GOALS

Equipment for the fire department of the city and port of Tuxpan, Veracruz, Mexico.

Description of the problems

- Lack of human and material resources.
- The necessity to strengthen the personnel training and certification.
- The access to training workshops.
- The lack of knowledge found in the general population about the protection and prevention of fires.

Objectives

- To upgrade the vehicle fleet.
- To provide and increase the proper functioning of the vehicle fleet with the required equipment.
- To obtain the best and more appropriate water bombs they need.
- To get the tools needed to facilitate their work.
- To get jaws of life.
- To get the firefighter suits they need to make their work easier.
- To get the personnel on going training to allow them to increase their performance.
- To make the personnel achieve training the business sector to optimize environmental safety.
- To furnish enough to make the current facilities comfortable and habitable.

Benefiting the 147000 residents of Tuxpan, Veracruz, Mexico and the surrounding area.
