Dear ICC General Secretary Baranowski,

Rotary Clubs in District 2232 are proudly involved in the Rotary InterCountry Committees activities with many different sections to increase fellowship and intercultural understanding among the people of various nations, foster stronger ties between members, clubs, and districts from different countries, and establish networks across borders, continents, and oceans.

For the past recent year, the Ukraine France section which are based on the formal relations with district 1770, does not work the way we want it to.

On April 2021, Ukrainian section Chair, Volodymyr Pylypenko, wrote to the ICC Executive Council chairman to bring to his attention that since 2019 there has been no regular contact with the chair of the French section, Violette Amiaud and her team.

The Ukrainian section had no answers concerning our Ukrainian humanitarian actions and projects.

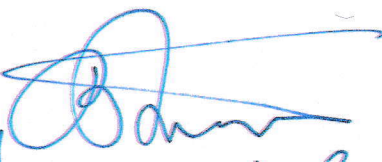

Moreover, we have noticed that the Rotary Club of Senlis, Club of Violette Amiaud, has undertaken humanitarian projects to benefit a non-Rotarian Ukrainian organization without consulting us but claiming to be done under the umbrella of the ICC France Ukraine.

Unfortunately, and despite several attempts at conciliation, it was not possible to resolve the situation.

Relation and Rotary activities between France and Ukraine are longstanding and important to us. Therefore, in order to rebuild a new relationship through the ICC activities, I am informing you that we have decided to leave our ICC relationship with District 1770 and replace it with a relationship with District 1510 and other French districts which will want to join the ICC France Ukraine.

I thank you for taking note of this and updating accordingly the directory of the ICC relationships.

Best Regards,

Bohdanenko Volodymyr
